

Thursday – Families who Love

Read 1 Corinthians 13:4-8 together once for every member of the family. Substitute their name for the word "love" every time it appears in the reading. Pay attention to reactions like nodding and laughter and funny faces. None of us live up to all of this all of the time! What is each family member good at? What can each of us work to improve?

Google and memorize the "five love languages." Tell each other what you think each person's love language is. Do they agree?

Craft Idea: Chalk art for a neighbor. Draw and write a message of love and appreciation on a neighbor's sidewalk or driveway!

God, bless our family.

Help us to love you and one another in what we do and say.

In Jesus' name, Amen
